FOR IMMEDIATE RELEASE

BAY GARDENS RESORTS LAUNCHES NEW ONLINE WEDDING & HONEYMOON GIFT REGISTRY

CASTRIES, SAINT LUCIA - June 17, 2014

Bay Gardens Resorts launched the new feature on their website this week. The gift and wedding registry will allow friends and family members of wedding and honeymoon couples staying at Bay Gardens Resorts to conveniently select fitting gift options for them. The options range from spa treatments to private cooking classes, dinners and more from all three of the Bay Gardens Resorts properties. With a few clicks, the gift(s) can be purchased and reserved in advance of the couples' arrival.

"It's often the case with destination weddings that not every friend or family member can make the journey to share the moment with the bride and groom. Our wedding registry will at least allow them to show a bit of love with a gift that will truly enhance the wedding/honeymoon experience for the wedding couple" commented Lavelle DuBoulay, Wedding/Events Coordinator for Bay Gardens Beach Resort & Spa.

Wedding/Events Coordinator for the Bay Gardens Hotel and Bay Gardens Inn, Marina Aldonza was eager to stress the point that this registry is open to the general public, particularly St. Lucians. "This new feature also holds true for our local couples who get married and spend their honeymoon at any of our properties."

The new registry will be followed up by a general vacation gift registry for other travelers who are celebrating special occasions including anniversaries or birthdays. The company seeks to continue introducing convenient innovations that add value to their guests' holiday experience.
