All of the essential elements for an intimate toes-in-the-sand wedding celebration

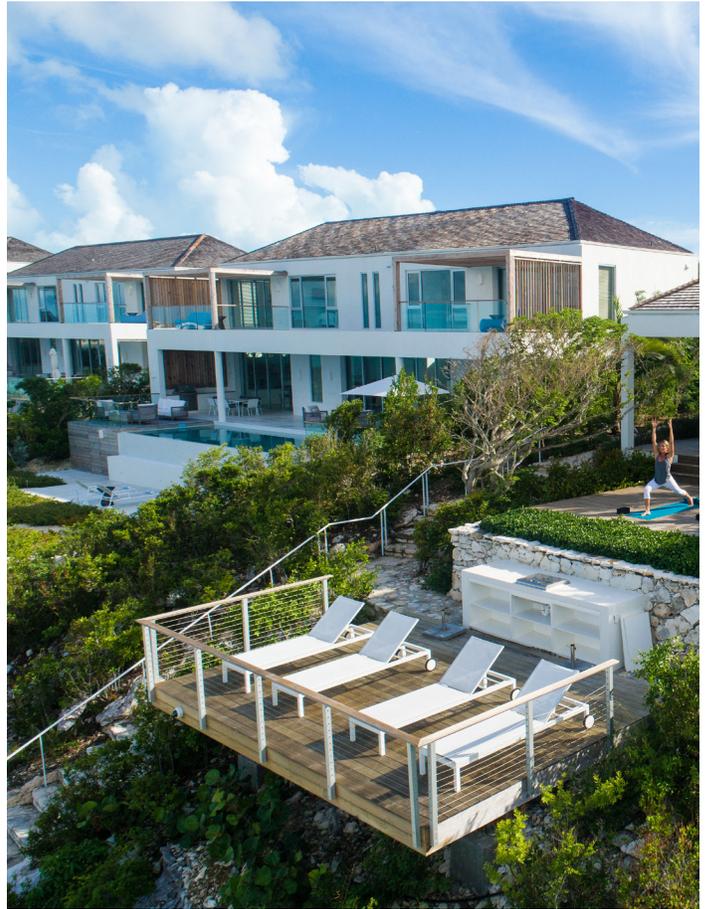

IDEAL FOR COUPLES LOOKING FOR PRIVACY

INTIMATE BEACHSIDE VENUE

Tucked away on a secluded white-sand beach, the North Shore villas are ideal for couples looking for privacy, but who don't want to give up resort conveniences like a private chef and concierge services. The property accommodates up to 40 people, and each of the four or five-bedroom villas offer over 7,000 squarefeet of private space, its own infinity pool, multiple terraces and a secluded beach area overlooking Princess Alexandra National Park.

Just five minutes from Providenciales International Airport and Grace Bay's bustling entertainment district, the villa resort is tucked amid 10 acres of lush tropical vegetation. Six of the villas have their own private beach area accessible by a private staircase while the three elevated hilltop villas have access to a dedicated beach area.
