## Your Sand Chariot Awaits

**KAMALAME CAY** has found a delicious new way to keep the party going all night long. The resort, located on a private barrier island just off the coast of Andros Island in the Bahamas, recently introduced a new progressive dinner series. Throughout the evening, clients will be transported via “sand chariot” (golf cart) to several on-site villas, experiencing a new course at each one. All menu items are prepared from fresh produce and other ingredients sourced from local nurseries, farms and fishermen, and they also include herbs grown on-site. For the grand finale, guests will enjoy dessert by a beach bonfire. The cost of the dinner is \$195 per person, including tax and gratuity. ([www.kamalame.com](http://www.kamalame.com))
