

MANCHEBO BEACH RESORT & SPA ENVIRONMENTAL & SOCIAL SUSTAINABILITY POLICY

Following consideration of the importance of environmental and social sustainability and a commitment to be a benefit to the Aruban community, Manchebo Beach Resort & Spa is committed to strive to achieve environmental and social sustainability

The ultimate Caribbean vacation experience begins at the intimate, 2-story boutique resort located on the shores of majestic Eagle Beach, an ideal place for romantic and rejuvenating getaways. The surrounding 10 acre strip of beautiful white beach and sand are the highlights of the Resort and Manchebo Beach Resort & Spa promises to preserve a safe and healthy environment for the island of Aruba, its people and visiting guests. Staff, guests and suppliers and the local community are educated to build environmental awareness and action.

Manchebo Beach Resort & Spa has implemented an Environmental Management System and meets the requirements of the Green Globe Company Standard, by abiding by the laws, regulations and standards of Aruba. Annual review of environmental performance is undertaken, in order to maintain industry best practice levels.

Manchebo Beach Resort & Spa disapproves of commercial exploitation, particularly of children and adolescents, including sexual exploitation.

Manchebo Beach Resort & Spa will comply with all relevant legislation and regulations, and strive to achieve international best practice.

We have Quality Assurance Procedures/System in place to increase customer's confidence and company's credibility, to improve work processes and efficiency, and to enable us to better compete with others.

We have appointed the Executive Administrative Assistant as the Green Globe Coordinator, who has responsibility and skills for ensuring ongoing environmental performance, identification of environmental risks, recording and monitoring of impacts and implementing environmental and social sustainability measures.

Special consideration is given to employ and empower local employees, and wherever possible environmentally sustainable, products and services are sourced locally.

We encourage staff to present our commitment to environmental and social sustainability and our Benchmarked/Certified Platinum status under the Green Globe program to our guests, suppliers, contractors, agents and wholesalers.
