Pueblo Bonito Introduces Towers at Pacifica

Los Cabos' **PUEBLO BONITO PACIFICA GOLF & SPA RESORT** is set to complete a multimillion-dollar expansion this December with three new buildings featuring accommodations, dining options, enhanced amenities and first-class personalized services.

The Towers at Pacifica will offer 47 new guestrooms and suites with exclusive amenities for guests, including 24-hour butler service, custom-stocked minibars, handmade soaps, the use of portable Beats speakers, Egyptian-cotton bedding, a pillow menu and aromatherapy turndown service. The resort's butlers have all been certified by the British Butler Institute.

Additionally, six suites with a private plunge pool and one 3,200-square-foot Presidential Suite will be available for booking. The Presidential Suite features two king bedrooms with separate bathrooms, a fully equipped kitchen, a spacious living room, a fire pit, a Jacuzzi and an outdoor shower.

A third structure will house a gourmet Mexican-Mediterranean restaurant on the ground floor, a state-of-the-art fitness center on the second floor and a VIP lounge accessible by a sky bridge from the two towers. The lounge will serve a rotating daily menu and handcrafted cocktails.

The adults-only resort, which opened in 2005, is a five-minute drive from the world-class Quivira Golf Club and 10 minutes from downtown Cabo San Lucas. (www.pueblobonito.com) — Sean Stroh

Pueblo Bonito Pacifica Golf & Spa Resort will open The Towers at Pacifica in December.
