

EXPERIENCE THE ULTIMATE FORM OF LUXURY IN LOS CABOS

Pueblo Bonito Pacifica – Pool

A thousand miles south of San Diego at the tip of Baja Peninsula lies Cabo San Lucas and San Jose del Cabo, the two towns that make up Los Cabos. Often called “Land’s End” because of its southernmost location, Los Cabos offers both the charm of an authentic Mexican town and a hip, vibrant party city. Sunshine addicts will be happy to know Los Cabos boasts 350 sunny days a year, making it the world’s most perfect climate as well as holding court as the champion of desert golf and sport fishing.

The [Pueblo Bonito Pacifica Golf & Spa Resort](#) in Cabo is an adults-only, all-inclusive retreat designed to provide “luxury without limits.” Last December, Pueblo Bonito Pacifica added the crown jewel to its collection with the opening of The Towers, a “resort within a resort,” featuring 47 luxury rooms and suites with private terraces and exclusive amenities. Exquisite views, gorgeous accommodations and unique experiences are destined to make your vacation dreams a reality.

But it’s the little touches that make you so feel so pampered – like the handmade soap etched with your initial, the artisan gifts on your pillow at turndown, the Egyptian cotton bedding, and luxury bath products.
