Quivira Los Cabos Stay, Play & Live!

Written by David P. DiFilippo

In the Mexican state of Baja California Sur, an extraordinary destination awaits your arrival – Quivira Los Cabos.

Quite simply, Quivira is Mexico's finest luxury residential resort community. Guests at this 1,850-acre paradise will find amazing Jack Nicklaus Signature® golf, abundant accommodation alternatives, miles of immaculate beaches, copious culinary choices, award-winning spas, five-star service and more.

Quivira Golf Club opened in December 2014 to instantaneous acclaim. In fact, *Golf Magazine* awarded Quivira "Best New International Course." The 7,139-yard, par 72 course is breathtakingly beautiful.

Nicklaus designed Quivira at the tip of the Baja Peninsula where the Pacific Ocean meets the Sea of Cortez. "This is one of the greatest pieces of property in the world," the golf icon said. "We tried to create some excitement on the mountain and in the dunes, and I believe we've created a golf course that plays as spectacular as it looks."

The layout is demanding but reasonable and the ocean can be seen from all 18 holes. Quivira also has profound elevation changes from tees to fairways to greens, impeccable turf conditions and resort-style customer service.

Other highlights include a beachfront practice area, an 18-hole putting course and my favorite, the Oasis, a gorgeous open air restaurant and bar on Hole 8.

Quivira Golf Club is accessible to onsite guests of the two hotels Pueblo Bonito Golf & Spa Resorts, as well as to property owners in the development.

Pueblo Bonito Pacifica Golf & Spa Resort is a luxury, all-inclusive, adults-only retreat. This tranquil 154-suite property is set on a private beach area and features modern/spacious rooms, five restaurants, beach cabanas, two pools, the Armonia Spa, attentive service and more. Both the resort and the spa have been lauded as among the finest in Mexico. Imminent expansion promises to make Pacifica even more spectacular.

The neighboring **Pueblo Bonito Sunset Beach Golf & Spa Resort** is a larger, lively resort, also all-inclusive, with a Mediterranean flavor. The 635 junior and executive suites are perfectly set on a hillside that faces the ocean.

Six swimming pools, including the impressive rooftop infinity pool, an expansive fitness center, nine dining establishments and a tennis facility are among the highlights of Sunset Beach. All inclusive is an option here as well.

For a more upscale experience, get a private residence at **Montecristo Estates Luxury Villas**. A stay at these million-dollar villas will take your Quivira vacation to a different level. Spacious, opulent and private, these three-bedroom/three-bathroom villas will amaze and enhance your stay. All have private pools, ocean views and full access to the resorts, including room service or the culinary talents of a private chef.

If you love the Quivira lifestyle and are considering purchasing a vacation home, there are several options and more forthcoming.

Copala is a gated, master-planned development with both condominiums and private residences. Condos, 1-3 bedroom units in six-story high rises, offer excellent space distribution, as well as a perfect blend of tranquility, sophistication and functionality. Solid concrete construction, soundproofing, tempered windows and many built-in upgrades are standard. Indoor/outdoor space, ocean and golf course views are hallmarks of the Copala condos. Prices range from \$280,000 to \$600,000 USD.

Custom-built, private homes in Copala range in size from 1,800 to 2,400 square feet and are priced from \$480,000 to \$1 million USD. Copala's 86 homes boast an old-world colonial hacienda style charm and are available with multiple layouts to suit the buyer's individual tastes and lifestyle. The 3 or 4 bedroom designs are built on an ocean-view site situated below the condominiums.

Coronado, a premier residential community, is the next offering at Quivira. This development will feature 68 larger single-story homes ranging in size from 3,000-5,000 square feet and will be priced from \$1.5 to \$2 million.

In addition to access at Quivira Golf Club, property owners have access to the resorts and a 60,000-square-foot clubhouse, which will be the centerpiece of the community. It will offer two infinity-edge pools, gym and spa facilities, a business center, a children's playroom, restaurants and banquet space. Another amenity of ownership is beach club membership, with a soon-to-be-built dynamic beach clubhouse.

For more information on this amazing retreat, visit www.quiviraloscabos.com and to book your stay at one of the Pueblo Bonito Resorts, visit www.pueblobonito.com.
