Or maybe you're high-goal standard, keen to sharpen your skills.

Whatever your experience, Buttals Farm Polo Club welcomes you, with a tailored program to enjoy this noble and pulsating sport.

🌟 THE CLUB

The island of Barbados has a long history of polo. It was first played here by British army officers in the 19th century, stationed at the Garrison Savannah.

Buttals Farm Polo Club is a warm and friendly club, dedicated to, in the words of Winston Churchill, "the finest sport in the world".

Our facilities include a large round sand track, practice track and a main polo field, coupled with expert coaching, hand-picked ponies and top class equipment.

Indeed, everything you need to discover or enhance an exhilarating polo experience is here.

🌟 BUTTALS' POLO MANAGER AND INSTRUCTOR

Meet Salvador Sanchez Duggan, the club's Polo Manager who has spent the last decade guiding players and the club.

Born in polo-obsessed Argentina, he has a true passion for horses and polo and has worked in Argentina, the U.K. and Barbados. He is not only a professional player of hp.2. standard, but a great coach and communicator.

He has introduced countless novices to the sport, as well as developed the game of many seasoned professionals.
