ShawneeCraft®

Handcrafted beer, local tradition.

Brewed on our premises, ShawneeCraft ales and lagers are hand-crafted with the vision. “True to Nature, True to the Craft.”™ The beer is created in small batches with ingredients chosen for their organic make-up so they do not interfere with the taste of the beer. Using honey from the apiaries on property and items grown in our own farm, the love and care that goes into making each barrel of ShawneeCraft beer, is what makes it so special. ShawneeCraft artisan ales and lagers are handmade with an uncompromising dedication to quality, an unwavering respect for nature and our community, and a deep commitment to good old-fashioned craftsmanship.

What is the difference?

Reliables - Refers to our regular stock of trusty ales and lagers served year-round.

Intermittants -These particular options are available when conditions allow (e.g. our gardens yield a good pumpkin crop), according to the season, or when our brewer gets his way.

Heirlooms - Just like your great-great-great grandfather used to make (assuming he was a master brewer in Flanders, Belgium). These beers were made for generations in the Old World, their flavors shaped by nature, custom, and (often) long periods of aging in oak casks. Being difficult and slow to craft, they are seldom made now, especially in the New World. For more information about ShawneeCraft Beer visit their website at ShawneeCraftBrewingCompany.com.

The Tap Room

Experience a taste of ShawneeCraft handcrafted ales and lagers in the room with the brew; ShawneeCraft’s Brewery Tap Room. For hours or to take a brewery tour call 570-424-4000 x1282 or x1289. Hours are limited.
