

The only resort in St. Lucia with a private yacht marina

Smiles greet you and the embrace of warm air surrounds you. Suddenly all your cares melt away as you're welcomed to The Landings St. Lucia. The only all-suite beachfront resort and spa in the Rodney Bay area and the only one on the island with a private marina, The Landings St. Lucia is the perfect reflection of true luxury. Opulent one, two and three bedroom suites with full kitchens adorn this property. Generous in proportion and elegantly designed for the upscale traveler, they've earned the name Villa Suites. Immerse yourself in the delight of stunning ocean views, a lavish spa, and spectacular yachts and cruisers in the private marina. Enjoy exceptional gourmet meals and beachfront dining against the backdrop of the most beautiful and unique island in the Caribbean.

Your private villa suite awaits

Designed in an exotic blend of European and Caribbean colonial décor, each luxury villa suite has been custom-made for comfort and equipped for your convenience. All of these fabulous accommodations feature a fully-equipped kitchen, a spacious living room with an LCD HDTV, dining room, powder room, washing machine and dryer, two large balconies or landscaped terraces nestled amongst tropical flora and high speed internet access. Most ground and top floor villa suites have heated, jetted plunge pools. Five-star quality gleams from every nook and cranny of our resort, from custom-made mattresses in the most spacious private suites in the Caribbean to exquisite finishing touches like Italian stone in the bathrooms.

Top ten on your bucket list

The Landings experience is all about the warmth St. Lucia is famous for. The friendliness of the people, the unrivalled beauty of the island and the endless parade of perfect sun-swept days. Plunge into the inviting sea to enjoy complimentary, non-motorized water sports such as snorkeling, windsurfing, Sunfish and Hobie Cat sailing, sea kayaking and pedal boats. If you're feeling adventurous, head off to visit the Pitons located on our island. Oprah Winfrey famously said that our two giant volcanic plugs, Gros Piton and Petit Piton, situated in a UNESCO World Heritage Site are among the top ten things to have on your "bucket list." Rodney Bay village is conveniently located only five minutes from The Landings and boasts a variety of restaurants and attractions. St. Lucia's championship golf course overlooks Rodney Bay and the beautiful historic Pigeon Island National Park.

A savory medley of culinary delights

At The Landings, our cuisine is as lush, varied and generous as our people and our landscape. Our talented chefs create an inspired medley of taste sensations with fresh local and organic produce. Our dining experience is all about the ambiance – the warm sands, the silhouettes of palm trees, the remains of the day drifting off into the sunset, the starry skies and the moonlit sea. The savory aromas fill the air as the finest steaks, seafood, warm freshly baked bread and fragrant chutneys are meticulously prepared. As your skin tans and the sea breeze caresses your senses, our chilled St. Lucian beers will quench your thirst. In the twilight, dip into the very soul of St. Lucia with cocktails made from the island's exquisite selection of tropical fruits. The Landings will surely stimulate your palate and satiate your soul.

The world's most romantic island

Imagine sea breezes and reflections of the shoreline sweeping through your veil as the sun begins to slumber. The eternal sounds of a warm sea kissing the sand as you kiss the one you will love for an eternity. Enjoy a seaside cocktail soirée or a traditional chapel ceremony followed by a stunning formal beachfront reception. All your wedding dreams of perfection are a reality at The Landings St. Lucia. Our chefs will passionately design a menu to please even the most discerning guest. You will be captivated by the charm of a traditional tiered wedding cake or one adorned with our own tropical touches from orchids to hibiscus and jasmine. We can transform your suite into a tropical paradise while filling the pathways and bridal bed with petals. We will breathe life into your dream so you can relax and enjoy every perfect moment of your special day.

Be pampered to perfection

You can get a massage, facial or pedicure anywhere, but you haven't been truly pampered until you've visited the Soleil Spa at The Landings. We will soothe your body with a Tropical Ginger and Green tea scrub or tone your skin with the Chocolate Creme Mineral Mask and Eternal Youth Facial. Soleil Spa is an oasis of tranquility designed to heal your spirit while providing the best in beauty, therapy, and rejuvenation. Whether you choose to relax in serenity alone or rejuvenate together with your soul mate, we will ensure that you peacefully connect with your mind and body. For those who want to be enveloped by our tropical surroundings, we will come to you. In a private cabana on the beach, we will give you a soothing aloe massage or a fragrant massage infused with Caribbean paradise herbal coconut milk.
