

EVERY BITE TELLS A STORY...

There was a time when food and drink could really tell you something about the places you were visiting. Before preservatives, pasteurizing, homogenizing, MSG and GMO, foods were much more emblematic of the regions, people, and history they came from.

Before there was modern food preservation, meals represented a showcase of seasonal freshness, regional abundance, and local crop quality. Everything from bread, to fruits and vegetables, to meat—through beer, wine and spirits embraced you with local flavor. Aromatic food & drink, combined with spirited conversation could tell the story of local culture better than even the most scholarly of Wikipedia articles.

Here at The Marc Restaurant and Vineyard Lounge, our passion is the preservation of food & beverage traditions that deliver intense flavor, and an over-the-top dining experience. We work tirelessly to source fresh local ingredients, to serve with a large selection of world-class beverages—including our own private cellar of Walla Walla wines.

From growing, canning, and curing—to cultivating strong business relationships with local farmers, ranchers, hatchers, fishermen, brewers, distillers, and winemakers—we strive to make each meal we serve a showcase of the place we proudly call home.

We are sincerely grateful that you have chosen to join us, and hope that our effort conveys the intended message... "Welcome to Our Home."
