

# THE MARCUS WHITMAN HOTEL & CONFERENCE CENTER

DOWNTOWN WALLA WALLA, WA

The ballrooms and meeting rooms of the Marcus Whitman Hotel & Conference Center house the most advanced audio/visual system in the Northwest. Quality, versatility and ease of use are the hallmarks of these rooms. Specifically placed floor and wall connections for microphone, phone, high-speed internet access, power and laptop SVGA input make connectivity seamless. All of the ballrooms offer a top-of-the-line voice reinforcement system. The Explorer Ballroom features a touch panel lectern which enables the presenter to control virtually the entire room, in addition to two built-in screens (each screen measuring 16 ft. diagonally) and a Barco high definition Projector. We also offer Wi-Fi Hotspots in all meeting rooms and public areas.

Our in-house Audio Visual staff will assist you with all your AV needs.
