### ONE & ONLY PALMILLA

A spectacular oasis on the tip of the Baja Peninsula, this is where peace and excitement blend in harmony. All 173 accommodations feature 24-hour shared butler service, a balcony or terrace facing the sea, and pre-Hispanic architecture. On land and sea, One&Only Palmilla is a recreational paradise featuring a plethora of dining options, two dramatic infinity-edge pools, an elegant spa with private treatment villas, a signature Jack Nicklaus designed 27-hole golf course, tennis courts, a surfing program, non-motorized watersports at our very own swimmable beach, seasonal whale watching, sportfishing and our private 90 ft. yacht. The complimentary KidsOnly Club keeps children active and entertained. Live the Moment.

## MIAMI

### THE TIDES SOUTH BEACH

White, clear and stylish, The Tides hotel building overlooking Ocean Drive offers all the charm of Miami's most glamorous time. White is also dominant in the interior of the twelve floors, white that becomes lighter and fresher even under the bright natural light flowing through the windows.

The space formerly occupied by 115 rooms is now divided into 45 ample suites overlooking the ocean and equipped with a telescope so as to peer into the beach, the sea and the open sky. The eclectic decoration combines the geometric lines with contemporary details, travertine floors and sophisticated furniture chosen with the eye of an artist. All the rooms include High tech entertainment facilities, free WiFi and huge and modern bathrooms with towel bathrobes and Molton Brown products. The common areas follow the decorative scheme where white and the colors of late afternoon dominate. With its à la carte menu specializing in ocean fresh flavors with a Southern twist, the Tides restaurant on the rooftop terrace on the 12th floor overlooks the architectural wonders of the Art Déco District. Downstairs, the heated 15-metre swimming pool is surrounded by lawn chairs and small cabins, which offer massages and beauty treatments. The hotel features a fully equipped gym, a bar renowned for its drinks, three penthouse suites, in-room spa treatments and provides guests with everything they need to spend the day at the beach, which is but five blocks away from this iconic Miami building.
