Overview: Tucked away on 300 acres between Miami and Fort Lauderdale, Turnberry Isle Miami is a tropical oasis with a culture of accessible luxury and enriching experiences. The resort is renowned for its two championship golf courses that were redesigned by Raymond Floyd and offer 36 holes of play, the newly renovated state-of-the-art âme Spa & Wellness Collective, signature dining at the award-winning BOURBON STEAK restaurant by Michael Mina, the casually elegant CORSAIR kitchen & bar, the elite Cañas Tennis Center, two relaxing pools, 47,000 square feet of meetings space, and the engaging Turnberry Kids camp — all a short stroll from any of the 398 spacious guest rooms and suites. The Mediterranean-style resort is surrounded by a 2.9-mile nature walk and offers easy access to the beach and Aventura Mall. Turnberry Isle Miami is a part of Marriott’s exclusive Autograph Collection Hotel portfolio and a recent Forbes Travel Guide Recommended Hotel.

History and Development: In 1967, developer Donald Soffer envisioned transforming 750-acres of North Miami Beach into a luxury residential area brimming with amenities. He sketched out his vision for this utopia on the back of a cocktail napkin and the rest is history. Decades later, we now have the vibrant city of Aventura — “adventure” in Spanish. At the heart of Aventura is Turnberry Isle Miami, a four-star luxury resort and membership club offering first-class accommodations, fine dining, championship golf, a cutting-edge spa, and leisure activities for the whole family. The resort was built in 1970 and is still owned by the Soffer family through Turnberry Associates. The main building and the master plan for the entire resort were carefully developed around a 100-year-old Banyan tree to enshrine and celebrate the incredible natural environment of this special place. In December 2007, a \$150 million resort-wide renovation was completed. Upgrades and service additions continue across the property on an ongoing basis – ensuring the resort continues to represent the pinnacle of service, style, and luxury. A \$2.5 million renovation and re-design of the spa facilities and wellness programming at Turnberry debuted in January of 2017 with the opening of the new âme Spa & Wellness Collective.

Accommodations: The 398 guest rooms include 27 suites that range in size from 500 to 2,500 square feet. The resort has three presidential suites and five apartment-style suites. All rooms have hardwood floor entries, carpeted bedrooms, exquisite linens, the finest furnishings and art. Each guest room features a terrace with views of the resort’s golf courses, gardens and/or pools. In-room amenities include: flat screen televisions, iHome radios, telephone and wireless Internet access, mini-bars, air conditioning, and Molton Brown bath and body products.

TURNBERRY ISLE MIAMI: FINE DINING

With critically-acclaimed restaurants, resort guests and club members never need to leave Turnberry Isle Miami for an elegant evening and exceptional cuisine. At Turnberry Isle Miami, the best night OUT is often a night IN.

BOURBON STEAK BY MICHAEL MINA

BOURBON STEAK is James Beard Award-winning chef Michael Mina's, modern, America steakhouse at Turnberry Isle Miami. It offers a timeless dining experience with all the grandeur and traditions expected of a steakhouse along with a few whimsical twists. All-natural, organic, and hormone-free cuts of beef are tempered in herb-infused butter, then grilled over wood to order. Guests can choose between Japanese A5 Wagyu beef or American Wagyu and USDA Prime cuts. A Wine Spectator award-winning cellar offers more than 850 select wines, while the bar highlights classic American cocktails. Imagined by designer Tony Chi, BOURBON STEAK offers refined, private dining rooms and the stylish Tastings Room for parties of up to 30 guests.

CORSAIR kitchen + bar

CORSAIR kitchen + bar is an American-inspired kitchen and bar offering contemporary cuisine for guests looking for lighter comfort food. Its open kitchen offers authentic creations designed to satisfy your palate in a friendly, sophisticated setting. It is the perfect gathering place for breakfast, weekend brunch, lunch, dinner, after work, or a spirited night out. Beautifully designed, the casually yet elegant environment flows seamlessly onto an outdoor patio overlooking a scenic tropical oasis and the resort's golf courses. At CORSAIR food is fresh, simply prepared and unlike anything else.

LAGUNA GRILL

Turnberry Isle Miami's Laguna Grill offers poolside dining at the resort's Lagoon Pool. The grill is luxuriously set on an outdoor terrace overlooking the pool's magnificent waterfall. The menu features tropical island casual fare and specialty drinks. It's the ideal dining option for vacationers looking to soak up every bit of sun they can get, and for families with children who do not want to leave the fun of the pool.

The Lobby Lounge offers small plates, drinks and an opportunity to catch up with friends, family, and colleagues in the main lobby. **The Onyx Bar**, located at the secluded Cascata Pool, features light fare and specialty frozen drinks. **In-Room Dining** is available for resort guests 24 hours a day, 7 days a week. A wide range of catering options including **Kosher, Vegan, Vegetarian and Paleo menus** are available for corporate events, private parties, and groups utilizing the resort's expansive meeting and special events facilities.

The Harry Soffer Room is the private dining room for club members of Turnberry Isle Miami.

TURNBERRY ISLE MIAMI: CHAMPIONSHIP GOLF

Turnberry Isle Miami is renowned for its 36 holes of championship golf featuring the Soffer Course and the Miller Course. Turnberry has a 4 1/2 star rating from Golf Digest Magazine and was named the “2012 Golf Resort of the Year” by the International Associations of Golf Tour Operators.

After a \$45 million redesign and renovation by Raymond Floyd, the **Soffer Course** debuted in December 2006 and the **Miller Course** opened in December 2007. Originally designed by Robert Trent Jones, Sr., both courses offer lush, tropical grounds accentuated with a variety of elevation changes, contoured fairways, sharp changes within holes and strategically placed water features that ensure water comes into play on almost every hole. During the redesign, 9,000 palm trees, 300,000 plants, and 900,000 cubic yards of dirt were brought in to enhance the landscaping and topography giving the course elevation changes rarely seen in Florida. Varied flora and trees indigenous to Florida’s tropical climate create an oasis-like feel throughout the courses giving each hole a private feel, with more than \$100,000 in landscaping spent on each hole of play. The Miller Course offers six sets of tees ranging from 3,596-6,323 yards, and the Soffer Course offers five sets of tees ranging from 4,971-7,047 yards.

The resort’s courses are home to hundreds of tropical birds including swans, Egyptian geese, and flamingos. Special nesting areas have been positioned throughout the courses. A dedicated “Flamingo Island” was built within Lake Julius, the largest and deepest body of water at the resort named after Golf Hall of Famer and former Golf Director Julius Boros. The island ensures resident flamingoes are able to nest and nurture their young in a protected, natural environment. Many well-fed friendly iguanas also frequent the golf courses at Turnberry Isle.

The signature vibrant hues from Paspalum Sea Dwarf grass that stays green year-round are offset by the many lakes, brilliant flowers, white sand bunkers, and lush foliage – all creating a golfer’s dream destination. Turnberry Isle has hosted past Ladies Professional Golf Association tournaments and many charitable golf tournaments including the annual Miami Dolphins Cancer Challenge Golf Tournament, underwritten by Turnberry Associates and the Soffer family.

TURNBERRY ISLE MIAMI: ÂME SPA & WELLNESS COLLECTIVE

In January 2017, Turnberry Isle Miami opened the âme Spa & Wellness Collective. The new luxury full-service spa is the result of \$2.5 million facilities renovation and a complete re-design of Turnberry's beauty and wellness programs. The innovative programming was curated by an international "collective" of forward-thinking practitioners at the vanguard of both Eastern and Western modalities. The spa offers the latest in beauty services, wellness and nutrition coaching, and fitness programs.

Central to the spa's philosophy is a highly-personalized approach for each and every spa guest. Rezilir Health™, a team of board-certified functional and integrative clinicians, has an onsite office to create custom, sustainable health plans for clients to improve cognitive function, balance hormones, and manage weight. Other onsite offices include the Physician's Institute of Cosmetic and Reconstructive Surgery and the Center for Integrative Medicine.

The spa menu includes more than 70 unique treatments designed to address both aesthetic and functional concerns with massage, exfoliation, aroma- and color-therapy, and more. Treatments include the traditional and the unconventional like the Japanese Iyashi Dome and Alisselle Amethyst Quartz Massage (created by Gharieni). Tricho salon offers haircuts, coloring, and styling for men and women, along with comprehensive nail services. Through Camp ÂME, the spa offers wellness travelers three-day-long retreats focused on nutrition, beauty, and fitness led by wellness experts. One day âme-azing Sunday retreats are also programmed regularly for guests and local residents. There are dozens of classes offered each week including various styles of yoga, spinning, Pilates, BARRE, and HIIT.

The 20,000-square foot, three-floor luxury spa has 22 treatment rooms, a yoga studio, an indoor cycling room, a private Pilates room, and a weight training and cardio studio. Treatment rooms feature equipment from Gharieni, the premier innovator in spa technology. To view the spa menu, book spa appointments, register retreats and Ame-azing Sundays, or to participate in regularly scheduled classes visit amewellness.com.
