Summer in Monterey: The Need for Speed

June 7, 2017 | Jennifer Boden

Where to Stay

Like any tourist mecca, Monterey has ample lodging options, though my favorite is The Monterey Plaza Hotel and Spa for their location, personalized services and incredible accommodations. Perched right over Monterey Bay, the Plaza offers top-notch views, spa treatments, delicious food and cocktails.

“We are looking forward to this upcoming summer season and are excited for our guests to dine at our newly renovated patio at Schooners Coastal Kitchen,” said John V. Narigi, Monterey Plaza Hotel Vice President. Their lower terrace has also been renovated making it a beautiful outdoor space for events.
