## MY BEST DAY IN THE CALIFORNIA WINE COUNTRY LOOKS LIKE THIS

BY [APRIL GARGIULO](#)

Vintner's Daughter founder and Napa native April Gargiulo lets us in on her local spots.

JULY 10, 2017

**April Gargiulo** is the founder of [Vintner's Daughter](#), the luxe face serum we can't stop with these days. And, yes, she does actually come from a [winemaking family](#). Gargiulo was born and still lives in Napa Valley. "I look forward to summer in Napa all year," she says. "The cool mornings and long, hot days are the perfect backdrop for so many of my favorite activities." From tacos to hot springs, here's a look at Gargiulo's dream Napa day.

With an afternoon free, I "take the waters" at [Indian Springs](#) mineral hot springs in Calistoga and maybe even a mud bath, too. I'm a big believer in the healing powers of minerals. They're a critical part of the Vintner's Daughter formulation, as well, because of what potent skin beautifiers they are. If I have a minute to shop, I'll head to [Martin Showroom](#) in St Helena and [Hunter/Gatherer](#) in Yountville. Both offer a unique edit and totally covetable point of view.
