If there's one thing people usually know about me, it's I love to travel.

I'm the girl already planning her next trip before I've completed the first.

I'm constantly looking up flight sales, researching new hotels and daydreaming about [where's next](#).

Being the travel-obsessed, city-seeking, adventurist Millennial I am, it's no surprise my favorite holiday is upon us: Cyber Monday.

Most people think of the Black Friday/Cyber Monday shopping holidays as an opportunity to score a flat screen TV or a new pair of boots.

But *I'm* searching the web for [travel](#) deals.

Hotels, resorts, adventure tours and even airlines offer special promotions on Cyber Monday to encourage bookings and travel.

So, my fellow travel-enthusiasts, here are the best deals I've found for this Cyber Monday (November 28), for some of my favorite destinations:

The Caribbean

If you're looking for a relaxing vacation (i.e. laying on the beach with a mojito in hand), the Caribbean is the obvious place to go.

Try visiting the [Zemi Beach House](#) in Anguilla. It's a brand-new luxury boutique resort on one of the world's best beaches — Shoal Bay East.

You can take advantage of Cyber Monday and score 35 percent off all room categories, plus a daily buffet breakfast. Use code: CYBER16.

The [Wyndham Grand Rio Mar Beach Resort & Spa](#) in Puerto Rico has a 24-hour sale where you can save up to 40 percent from November 29, 2016 to March 31, 2017 using the code DISCYBM.

Lastly, you can visit the gorgeous island of Aruba and stay at the [Hilton Aruba](#).

Between November 25 and 28, you can book a 3-night stay to receive the fourth night completely free on stays from December through March 2017 via the resort's "Another Day in Paradise" package. Yes, please.

Hawaii

Hawaii's leading hotel and resort management company, [Aqua-Aston Hospitality](#), operates all types of properties, so there's something for every type of traveler.

It offers full-service resorts, stylish hotels and condominium resorts all for an affordable price that justifies the (usually) expensive airfare.

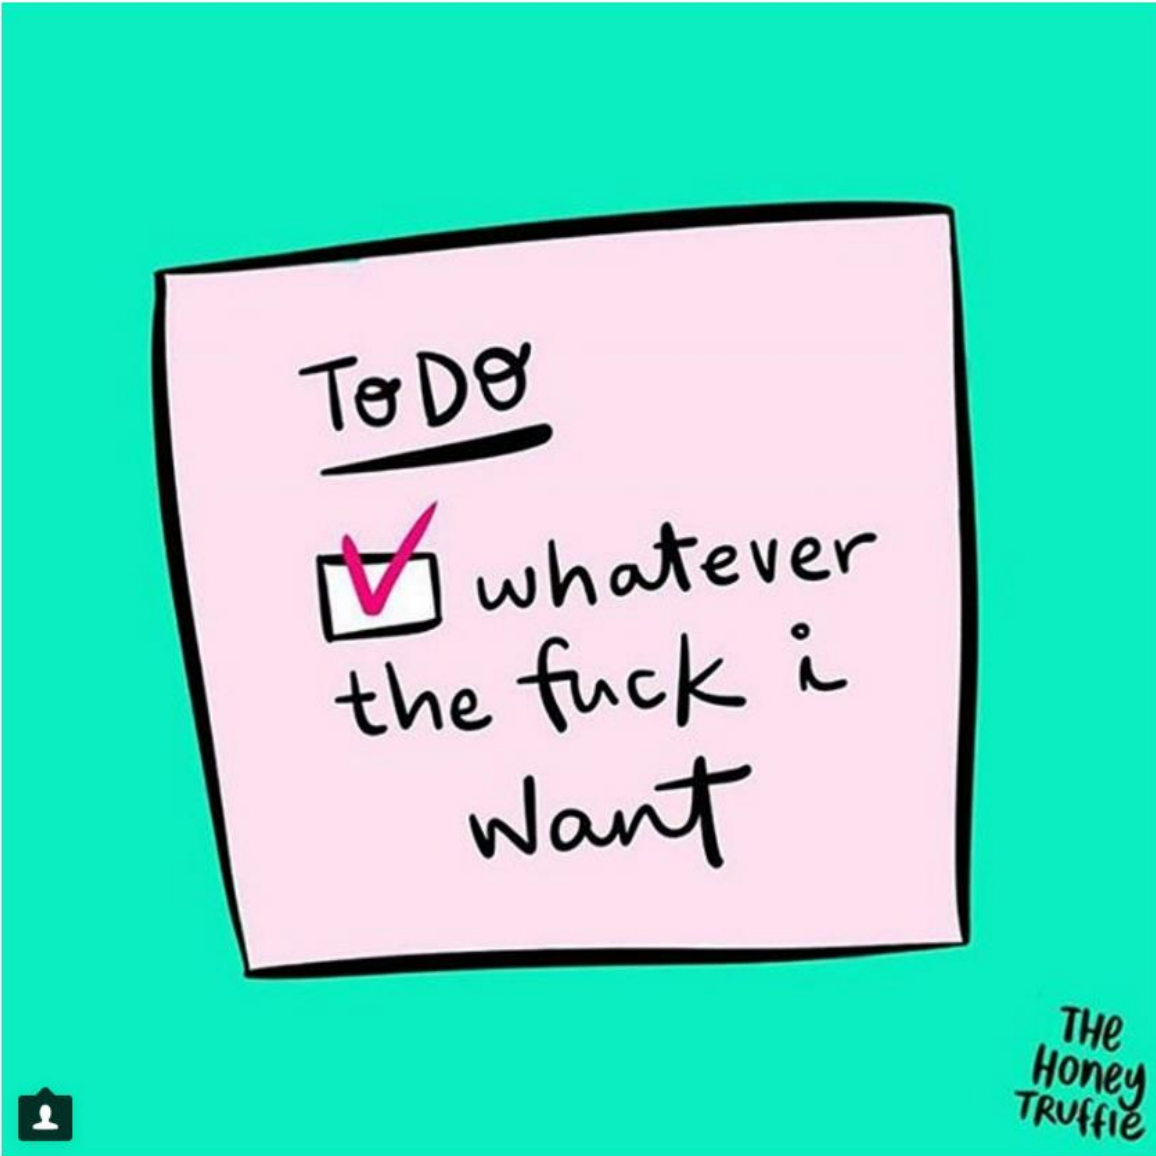

You can score 20 percent off all properties and take advantage of no blackout dates.

Plus, those who are part of the A-List Loyalty Program can score the best-of-the-best deals a full day earlier just for being a member.
